Madera Community Hospital

Introduction & Background

Madera Community Hospital (MCH) is a general acute care hospital, fully accredited by the American Osteopathic Association Healthcare Facilities Accreditation Program (HFAP), and licensed by the California Department of Public Health. MCH is a member of the Hospital Council of Northern and Central California and the California Hospital Association.

Madera Community Hospital opened on October 1, 1971 as a 63-bed community hospital. Today, MCH provides an array of diagnostic and treatment services from a 106-bed hospital and various clinics and outpatient facilities. As a private, not for profit community hospital, incorporated in the State of California, MCH is dedicated to providing quality healthcare services to Madera and the surrounding communities.

Services at MCH include: surgery (both inpatient and outpatient), 24-hour emergency services, specialized intensive care unit, cardiac care, medical and surgical care, maternity care, (including private birthing suites), diagnostic imaging, laboratory, physical therapy, respiratory therapy, speech therapy, health education and support groups, and operates three provider-based rural health clinics.

The Family Health Services (FHS) is open from 8:30 a.m. to 5:00 p.m., Monday through Friday (closed some holidays). The FHS Clinic is staffed with Family Nurse Practitioners and Physician Assistants. A separate Specialty Clinic is also operated in which contracted physicians see patients with certain special health needs.

Madera Community Hospital expanded to provide services at the Chowchilla Medical Center (a rural health clinic) in 2007. The Chowchilla Medical Center, located at 285 Hospital Drive in Chowchilla, is staffed with a full-time Nurse Practitioner or Physician Assistant Monday through Saturday. Appointments may be made in advance and walk-ins are seen on a first come/first served basis.

MCH opened another rural health clinic in Mendota, CA in November, 2020 on Belmont Avenue in the AMOR Wellness Center. In addition to primary and specialty care, it is planned to have dental services at this location in the future.

The MCH medical staff consists of a number of active and courtesy staff, practicing in primary care and internal medicine and a broad range of specialties. The hospital employs over 700 people in 46 departments.

Organizational Structure
Madera Community Hospital Board of Trustees - June 30, 2022

Madera Community Hospital is a 501(c) (3), not-for-profit community health resource, dedicated to actively promoting and maintaining the health and well-being of residents in western Madera County.

Madera Community Hospital is governed by a 21 member Board of Trustees. The Board is comprised of community members and local physicians. Listed below is a list of the current members of the MCH Board of Trustees.

Chief Nursing Officer – Jeanine Gillmeister, RN
Chief Financial Officer – Mark Foote

Madera Community Hospital
Mission Statement

Madera Community Hospital is a not-for-profit community health resource, dedicated to actively promoting and maintaining the health and well-being of residents throughout the Central Valley. We are committed to identifying and serving our community's needs with compassion, concern, care and safety for the individual.

In support of our primary mission, Madera Community Hospital will:

• Be sensitive to the diverse physical, spiritual and psycho-social needs of those we serve, including the alleviation of pain and suffering, and integrally involving the family in care delivery.

• Periodically assess the health status and needs of our community, determine which health services we can appropriately establish and maintain, and act as a catalyst to ensure that priority health needs are met.

• Work collaboratively with physicians, other health providers, and community leaders to develop, offer and continuously evolve a comprehensive and integrated continuum of health services.

• Stimulate high levels of support and participation in educational and outreach initiatives offered to patients, staff and community members in an effort to promote both high levels of individual achievement and community health and well being.

• Prudently manage and utilize our financial resources, while ensuring the provision of high quality, effectively delivered health services.

Vision Statement

Madera Community Hospital will distinguish itself as a leader in identifying and meeting our community's health needs by working in partnership with physicians and others to offer and manage an integrated array of health services upon which a majority of individuals and employers in our community will rely. We will:

- Initiate collaborative relationships and strategic alliances which advance our vision.
- Meet or exceed our customers' expectations through quantifiable clinical and service quality and coordinated care delivery.
- Actively involve employers and community leaders in our success.
- Be flexible to change as community needs evolve.
- Engage a community which recognizes Madera Community Hospital as a vital community health resource.
- Align hospital and physician interests to better serve our community.
- Strategically invest in services and technologies, such as information technologies and non-acute care services.
- Selectively expand our Central Valley presence to serve the growing needs of area residents and purchasers: *Madera *Chowchilla *Kerman *N.W. Fresno

Community Description

Located in the exact center of California, Madera residents have easy access to Yosemite National Park, numerous mountain recreational areas including lakes, National & State Parks, the Pacific Coast, and Bay Area as well as Southern California.

Agriculture is the primary economic resource in Madera County creating jobs for permanent and migrant workers. Migrant workers are not the only work source benefiting from agriculture-related works; others include fertilizer companies, farm vehicles, supermarkets, truck-drivers, workers in wineries and food processing plants. Madera depends on agriculture and related fields for a major source of employment.

A wide range of healthcare services are available through the Madera County Public Health Department. Mental health services are provided through Madera County Behavioral Health Services. Privately owned medical facilities available within the county include several convalescent hospitals, ambulance services, and Valley Children's Hospital. Madera Community Hospital is the only acute care facility in the county treating adult patients.

The US Census Bureau QuickFacts, revised April 1, 2020, indicates a 3.6% population increase in Madera County from April 1, 2010 to April 1, 2020.

Madera County	**2020**	**2010**
Population	**159,410**	**150,865**

Median Household Income for the City and County of Madera are significantly lower than statewide. 14.3% of Madera County residents are over sixty five (65) years old. The segment of residents living below poverty level present a tremendous challenge to Madera Community Hospital in meeting the healthcare needs of the community with limited financial resources.

Residents Below Poverty Level	City of Madera	County of Madera	California
Median Household Income	$49,335	$57,585	$78,672
Residents of All Ages Below Poverty Level	26.8%	14.1%	11.5%
Per Capita Income	$17,866	$22,853	$36,955
Education (2020 Estimates)			
High School Graduates (Age 25+)	58.1%	72.00%	83.3%
Bachelor's Degree or Higher	9.5%	15.20%	33.9%

Cities and zip codes served by the hospital are:
Madera / Madera Ranchos: 93636, 93637, 93638, 93639, Chowchilla: 93610, Raymond: 93653, Kerman: 93630, Mendota: 93640

Planning & Public Review

Board & Hospital Staff in the Planning Process

The Board of Trustees, Board committees, Administrative Staff and the Medical Staff, in conjunction with the Leadership Council, work together to implement and carry forward the goals developed in the strategic plan and mission statement as evidenced by review and approval of budgets, strategic initiatives, major equipment purchases and building projects.

Community Involvement and Needs Assessments

Citizen input is obtained in various ways. One very important way is through the participation of members of Madera Community Hospital Board of Trustees, Foundation Advisory Board and League of Volunteers and through social media. Hospital employees are involved in the community, serving on boards and committees representing the hospital getting and giving input to better the community.

Community Health Needs Assessment

Madera Community Hospital participated in the completion of a regional Community Health Needs Assessment, published in June, 2022, and coordinated by the Hospital Council of Northern and Central California. The Needs Assessment covered the four county area of Madera, Fresno, Tulare & Kings counties. A copy of this Needs Assessment and the Hospital's Implementation Plan are available on the Madera Community Hospital website at www.maderahospital.org.

This Needs Assessment is the result of significant collaboration among the hospitals in the four counties to come together and do this "shared work".

The Patient Protection and Affordable Care Act (PPACA) imposed new requirements on hospitals. Hospitals must comply with requirements regarding community health needs assessments, community benefit reporting, financial assistance policies, charges, billing and collections.

Health needs identified in the Needs Assessment for the region were:

Madera Top Health Needs	
Health Needs	BPR Score
Food Insecurity	65.5
Lack of Affordable/Acceptable Housing	61.1
Safety/Neighborhood Crime	60.8
Homelessness	60.8
Poverty	60.1
Insurance Barrier/Access to Medical Care	58.6
Not Enough Providers/Treatment Locations/Long Wait Time	57.8
Lack of Provider Compassion/Discrimination	56.4
Lack of Transportation	47.7
Poor Air Quality/Pollution	47.7
Expensive Medical Care	42.7

Vision Madera 2025 Program

The Vision Madera 2025 Program provided Madera Community Hospital with an excellent assessment of the needs of the community and direction to provide a safe and healthy environment for the community as a whole, while meeting the immediate and long term healthcare needs of an economically and ethnically diverse community.

The following excerpt from the "Madera Vision 2025 – Vision Action Plan and Annual Report" summarizes the extensive public participation in the project.

> ***Vision Madera 2025 Vision Overview***
> *In July 2005, Madera engaged in a community process to develop a plan to guide the city to a preferred future. This community-wide effort, the Vision Madera 2025 program, was conducted over two years (2005-2007) and involved hundreds of citizens representing dozens of community interests including business, environment, neighborhood, social service, healthcare, education, government and many others. The product of this endeavor was a Vision Statement describing Madera in 2025, and an Action Plan identifying the programs and projects necessary to achieve that vision. With the help of hundreds of inputs from community volunteers and City of Madera sponsorship, the community now has a Vision and Action Plan. The Vision includes descriptive language describing a preferred future for Vision Madera 2025 in four focus areas:*
>
> - *A Well-Planned City*
> - *A Strong Community and Great Schools*
> - *Good Jobs and Economic Opportunity*
> - *A Safe, Healthy Environment*
>
> *The project involved an extensive public participation program including a citizen task force that advised the City and developed the recommended Vision Madera 2025 Vision and Action Plan. In addition, the general public and various interest groups were engaged through a broad range of outreach activities such as public workshops and forums, newsletters, presentations to community groups, and focus groups. Hundreds of citizens participated in the vision planning process.*[3]

Federal, State and Community Surveys, Data Bases and Reports

Madera Community Hospital Administration and Board of Trustees stay informed on population, health care and economic trends and their relation to the local community through various data sources; Federal & State reports, local surveys, healthcare databases and other publically available reports.

Careful planning and utilization of resources allows Madera Community Hospital to provide a variety of healthcare services and healthcare preventive education to a largely underserved population.

Madera Community Hospital Responding to Identified Healthcare Needs

Comprehensive Prenatal Services Program

Comprehensive Prenatal Services Program (CPSP) at Madera Community Hospital offers classes that may be started at any time during pregnancy. Participation is open to all expectant mothers. Attendance is flexible. As an incentive to encourage regular participation, free baby gifts are received with each class attended. Classes are offered on an individual basis or in a group setting.

The Comprehensive Prenatal Services Program includes the following classes:

- Breastfeeding
- Infant Care
- Infant CPR
- Labor and Delivery
- Early Pregnancy
- Nutrition advice
- Pre-Term Labor

Madera Community Hospital Labor and Delivery

- Six Labor, Delivery, and Recovery suites
- Infant security system
- Lactation Education
- Maternal Child "stork" tour of the facilities
- Operating rooms immediately available for cesarean sections
- Prenatal education

The Labor & Delivery Department encourages family involvement throughout the birthing process and offers extensive classes and parenting resources before and after delivery.

Childbirth Classes

Childbirth Classes are provided by for expectant mothers. The classes provide education about childbirth and education in parenting.

Stork Tours

Stork Tours give parents an opportunity to view the Labor and Delivery / Mother / Baby unit. Completion of routine forms prior to admission, and a preview of what to expect during the hospital stay. Two hour classes are held three to four times a month. This is a free service for all mothers delivering at Madera Community Hospital.

Nursing Licensure Education Support

Madera Community Hospital provides funds for employees to enroll in and successfully pass courses and tests to become a Registered Nurse, working with California State University, Fresno and the Madera Center and Fresno City College of the State Center Community College District.

Community Integrated Work Program

The Community Integrated Work Program provides a setting for physically and mentally challenged special needs community residents to learn life skills, performing in a commercial work environment, to be responsible, productive citizens.

Family Health Services Clinic

The Family Health Services Clinic is staffed with Family Nurse Practitioners and Physician Assistants. Family Health Services also offers specialty clinics in which local Physicians rotate on a regular basis. A wide variety of services are provided, including:

Adult Healthcare	**Urgent Care**
Child Healthcare	**Minor injuries and illnesses**
Well child exams	**Minor Surgical Procedures**
Complete physicals and PAP Smears	**Preventative Healthcare**
Employee Physicals	**WIC Physicals**
Sports Physicals	**Immunizations**
Treatment of Acute & Chronic Illnesses	**Lab and X-Ray Services**
Family Planning Services	**COVID Testing**

Most insurance, Medicare and Medi-Cal are accepted. A sliding fee schedule is offered for the uninsured.

Sports Physicals	**Immunizations**
Treatment of Acute & Chronic Illnesses	**Lab and X-Ray Services**
Family Planning Services	

Most insurance, Medicare and Medi-Cal are accepted. A sliding fee schedule is offered for the uninsured.

Madera Community Hospital

Children's Visitor Center

The provision of free short-term child visitation services to parents is a goal Madera Community Hospital was able to realize with the opening of the Children's Visitor Center on April 5, 2004.

The center is housed in a modular building located in the front of the hospital, close to the Family Health Services Clinic. It is accessible for women needing a mammogram, x-ray, visiting the family health clinic or when visiting a patient in the hospital. The modular building is 960 square feet.

Each year when RSV warnings and restrictions regarding children in the patient care areas are posted, parents and visitors become frustrated. The Children's Visitor Center helps alleviate the stress associated with these restrictions.

Although volunteer assistance will be solicited in this endeavor, a full-time director oversees and manages the facility.

The Children's Visitor Center staff provides seasonally appropriate activities for young visitors as well as good parenting suggestions to interested visitors.

For the convenience of patients and visitors, children can visit the supervised Children's Visitor Center while their parents receive services on the hospital campus only or visit patients in the hospital. The center is open Monday thru Friday from 8:00am - 4:00pm. The provision of free child visitation services helps prevent children being left unattended in other waiting areas on the hospital campus.
