

Volunteer Chaplains are a welcome partnership with the Madera Community Hospital Healthcare Team. There are people of faith at the hospital each day who are going through major life changes; many are lonely and many are looking to connect with their faith and with God. We greatly welcome and appreciate the participation of volunteers who offer a companionship and compassionate presence for our patients, physicians and staff.

Basic Requirements for Application

Persons serving the Volunteer Chaplain Program shall have Ordination / License or Ecclesiastical Endorsement by their Faith Group or be enrolled in Religious or Theological Studies in an accredited college or school of Theological Studies, have life experience in ministry settings and/or specialized training for ministry. Those who have previous Clinical Pastoral Education (CPE) training are desired for this position and will receive the most consideration.

After appointment, all Volunteer Chaplains are required to attend a Hospital orientation in addition to the Chaplaincy orientation. Each year, Volunteer Chaplains will reaffirm their application and credentials. Volunteers must serve a minimum of one time per month and go no longer than three consecutive months without serving, unless there has been a previous arrangement with the team. All Volunteer Chaplains are required to have necessary vaccinations initially and annually, provided by Madera Community Hospital, and meet any other requirement of the hospital for volunteer service workers.

Failure to meet these requirements may result in mandatory resignation.

A Chaplaincy Care Volunteer:

- is a licensed or credentialed spiritual leader;
- is a specially selected and trained individual who has the maturity and experience to be a caring listener to a terminally ill person or family member;
- does not under any circumstances, replace physician or nursing care or any other professional service required;
- does represent a caring community;
- brings to a stressful situation, a “new face” and a “fresh” but understanding approach;
- listens without judging or interpreting; responding if necessary to the feelings expressed and if possible facilitating the resolution of those feelings;
- is able to be supportive without “rescuing” or giving advice;
- in quiet times, simply shares in silence;
- respects the need for confidentiality at all times; and
- is provided with a support system and ongoing education.

Chaplaincy Functions:

Sustain: Volunteers provide support, comfort, and understanding for an individual going through a time of crisis;

Guide: Volunteers help another person, either by direction, clarification or confrontation, to find solutions to problems or life's questions;

Heal: Volunteers aid individuals in finding wellness or wholeness from injury or disease (in a spiritual and emotional sense); and

Reconcile: Volunteers help a person to restore a relation that has been broken with a person, a group, the Divine (However that person chooses to describe the Holy), and /or their sense of what brings them meaning and purpose in life.

Service Description

Summary: Provide 24 Hour on-call Volunteer Chaplaincy coverage for emergency needs and as requested for Volunteer Chaplain by patients and/or hospital staff. Visit new admit referrals and make rounds per guidelines.

Hours: One day per month minimum. Shift begins at 9:00 a.m. and ends the following day at 9:00 a.m., unless assigned consecutive days.

Qualifications: Ordination/License or endorsement by Faith Group. Life experience in ministry settings and/or specialized training for ministry. A personal understanding and self-acceptance of his/her professional strengths and weakness. Demonstrated service to and acceptance of people of different faith cultures.

Environment: Contact with patients, staff, physicians and public. When on call, carry a mobile phone and remain within a 30 minute arrival time to the hospital.

Training: Required Hospital Orientation and Volunteer Chaplaincy Training, annual in-service, department orientation, continuous educational in-service, educational material study and department staff meetings.

Responsibilities: Round while able, when on call. Respond to calls and fulfill requests for Volunteer Chaplaincy services. Provide listening, prayer, support, scripture, ritual and rites, as requested and appropriate. Be a supportive presence for hospital and EMS staff and physicians. No proselytizing.
